

3. No animal or article, irrespective of the number of entries in the class in which it is entered, shall be awarded a higher rating than its merit would entitle it to in comparison to the standard of perfection in the class.
4. No state aid will be paid on premiums awarded under the Danish system in any classes except in the junior and education departments.
 - a. When classes in the junior and educational departments are judged according to the Danish system, 4 group placing shall be awarded in any class. When there are less than 8 exhibitors in the class, there shall not be more than 2 in the first groups, not more than 4 in the first 2 groups and not more than 6 in the first 3 groups. If there are 8 or more entries in the class, there shall not be more than 25% in the first group, not more than 50% in the first 2.

ANIMAL HEALTH RULES & REGULATIONS SUMMARY

This is a summary of animal health requirements for fairs, shows and exhibitions only. They are not necessarily the same as requirements for importing animals into Wisconsin or moving them within the state for other purposes. They may change if animal diseases occur in Wisconsin or elsewhere, so you should always check our website or contact us for current information.

General requirements for show organizers

Fairs or exhibitions lasting more than 24 hours must appoint a licensed veterinarian to inspect all livestock daily **Fairs or exhibitions lasting less than 24 hours** must have a licensed veterinarian or show chairperson review all required records and test results to check for:

- Exhibitor's name and address
- Animal identification (number, type, description)
- Compliance with disease testing and other health requirements
- Livestock premises number, if any, where animals originated

Fair management must maintain records for 5 years of:

- Exhibitors
- Livestock premises numbers, if any
- Animal identification

Diseases

Animals that show evidence of having contagious or infectious diseases may be removed immediately, and may be quarantined or slaughtered. **Bovine animals with ringworm, mange or scab** will be removed from the fair or exhibition premises, unless the veterinarian in charge finds they are incapable of transmitting disease.

Cattle and Bison

Cattle from within Wisconsin have no requirements for tests or health documents. **Cattle from outside Wisconsin** must:

- Be accompanied by certificate of veterinary inspection (CVI) documenting official animal ID and all required tests and certifications
- Have at least one form of official individual ID (including steers)
- Meet all of Wisconsin's normal requirements for import (see http://datcp.wi.gov/Animals/Animal_Movement/Cattle_Bison)

Acceptable animal IDs for all cattle from outside Wisconsin

- USDA metal ear tag number that is part of the National Uniform Eartagging System (NUES) (starts with state 2-digit code, also known as "brite" tag)
- 15-digit "840" tags (visual or RFID)
- Valid only if applied before March 11, 2019:
 - o Manufacturer-coded RFID tag - 15-digit number with the first three digits in 900s
 - o American ID tag – 8 to 12-digit number prefaced with "USA"

Brucellosis requirements for cattle from outside Wisconsin

- Steers are exempt from any brucellosis test requirement
- Cattle from brucellosis-free states are exempt from brucellosis testing requirement
- Cattle from certified brucellosis-free herds in Class A states do not need brucellosis tests if the CVI has the certified herd number and the last test date
- All other cattle need negative brucellosis test within 30 days before entering Wisconsin

Tuberculosis requirements for cattle from outside Wisconsin

Negative individual TB tests within 60 days before entering Wisconsin are required for cattle if they originate from:

- States or zones that are Modified Accredited Advanced states or that Wisconsin treats as MAA because they have had bovine TB cases
- Modified Accredited states (see section below for Michigan's Modified Accredited and Modified Accredited Advanced zones)

- States that do not recognize Wisconsin's TB-free status
- For requirements by state: http://datcp.wi.gov/Animals/Animal_Movement/Cattle_Bison

Cattle from Michigan's TB Free Zone:

- Need negative individual TB test within 60 days before arrival in Wisconsin for all animals
- Whole herd TB test and import permit not required

Cattle from Michigan's MA and MAA zones and other states with MA zones:

- Need import permits
- Need negative whole-herd TB tests within 12 months before arrival in Wisconsin for all animals 1 year and older
- Need negative individual TB tests within 60 days before entering Wisconsin
- Must return directly to the state of origin after the show, and there must be a statement on the CVI that they will be doing so

Cattle from Canada must meet current federal requirements to enter the United States. (See

http://www.aphis.usda.gov/import_export/downloads/pro_imp_cattle-bison_can.pdf)

For information on obtaining an import permit: ☐ Online http://datcp.wi.gov/Animals/Animal_Movement/Permit_Request

• Email DATCPAnimallImports@wi.gov ☐ Call 608-224-4872 Requirements are subject to change as conditions warrant. For current information, check http://datcp.wi.gov/Animals/Animal_Movement/Cattle_Bison.

Swine

Swine from within Wisconsin need a Wisconsin intrastate movement certificate:

- Stating that the herd of origin was inspected on the farm within 30 days before the show and showed no signs of disease
- Including documentation of all required tests

Swine from outside Wisconsin need a certificate of veterinary inspection that includes the following: a statement of the PEDV status of the herd of origin (if known), a statement of the PRRS status of the herd of origin (if known), and official identification number. Acceptable methods of ID for swine are:

- USDA silver ear tag
- USDA 840 button ear tag
- Breed association tattoo
- An ear tag with the premises identification number and a unique identifier
- Ear notch (if the pig is a purebred and the notch is registered)

Requirements are subject to change as conditions warrant. For current information, check

http://datcp.wi.gov/Animals/Animal_Movement/Swine.

Sheep and Goats

Sheep and goats from within Wisconsin:

- If sexually intact, need official individual ID *at any age*
- If not sexually intact, need official individual ID if they are *12 months or older*
- Official ID may be scrapie ear tags, USDA 840 button ear tag, or breed association tattoo (as long as it is unique to that animal)
- Cannot have been exposed to scrapie if they are sexually intact

Sheep and goats from outside Wisconsin:

- Need certificate of veterinary inspection and official individual ID: scrapie ear tag, USDA 840 button ear tag, or breed association tattoo (as long as it is unique to that animal)
- By federal rule, the CVI must also include:
 - a statement by the issuing accredited or state or federal veterinarian that the animals were not exhibiting clinical signs associated with scrapie at the time of examination
 - an owner statement indicating whether the animal is or is not a scrapie-positive, suspect, high-risk or exposed animal and whether it originated in an infected, source, exposed, or noncompliant flock

Goats from Michigan's TB Modified Accredited Zone:

- Need import permits
- Need negative whole-herd TB tests within 12 months before arrival in Wisconsin
- Need negative individual TB tests within 60 days before entering Wisconsin
- Must return directly to the state of origin after the show, and there must be a statement on the CVI that they will be doing so

For information on obtaining an import permit:

- Online http://datcp.wi.gov/Animals/Animal_Movement/Permit_Request
- Email DATCPAnimallImports@wi.gov ☐ Call 608-224-4872

Requirements are subject to change as conditions warrant. For current information, check

http://datcp.wi.gov/Animals/Animal_Movement/Sheep_Goats.

Equine

Equine animals from within Wisconsin need documentation of a negative EIA test done within the previous 12 months, which clearly identifies the animal by registration number, lip tattoo, freeze brand, or complete description. Documentation may be:

- Official test report VS 10-11, or

- USDA-approved electronic test form, *or*
- Global Vet Link EIA electronic form, *or*
- Certificate of veterinary inspection with the test results listed

Equine animals from outside Wisconsin need:

- Certificate of veterinary inspection (CVI)
- Negative EIA test done within previous 12 months, which clearly identifies the animal by registration number, lip tattoo, freeze brand, or complete description, and reported on the CVI **Equines from Minnesota** are exempt from the CVI requirement if:
 - Ownership does not change while the animal is in Wisconsin
 - The animal remains in Wisconsin no longer than 7 days
 - Proof of an EIA test in previous 12 months accompanies the animal

Requirements are subject to change as conditions warrant. For current information, check http://datcp.wi.gov/Animals/Animal_Movement/Horses.

Llamas, Alpacas, Guanacos

Llamas, alpacas and guanacos from within Wisconsin have no requirements. **Llamas, alpacas and guanacos from outside Wisconsin** must have a certificate of veterinary inspection and official animal ID. Official ID may be:

- Approved USDA ear tag number
- Microchip number
- Breed association registration number
- Breed association tattoo

Requirements are subject to change as conditions warrant. For current information, check http://datcp.wi.gov/Animals/Animal_Movement/Llamas_Alpacas_Guanacos.

Exotic Ruminants

Note: *Exotic ruminants are ruminants that are not native to Wisconsin, and are not cervids – for example, vicuñas, camels, yaks, water buffalo, pronghorn antelope and giraffes.* **Exotic ruminants from within Wisconsin** have no requirements. **Exotic ruminants from outside Wisconsin** need an import permit and a certificate of veterinary inspection (CVI) with proof that they meet requirements for:

- *Bovine TB* – negative test required within 60 days before entry
- *Brucellosis* – negative test required within 30 days before entry

Please call 608-224-4872 beforehand to determine which TB test to use. For information on obtaining an import permit:

- Online http://datcp.wi.gov/Animals/Animal_Movement/Permit_Request
- Email DATCPAnimallImports@wi.gov ☒ Call 608-224-4872

Requirements are subject to change as conditions warrant. For current information, check

http://datcp.wi.gov/Animals/Animal_Movement/Exotic_Species. In addition, please contact your county and local municipality for any restrictions.

Poultry and waterfowl (Pigeons are not considered poultry for fairs and shows)

Poultry and waterfowl from within Wisconsin need:

- A NPIP certificate stating that the birds originate from a US. pullorum-typhoid clean or NPIP affiliate flock, *or*
- A DATCP-issued certificate stating they are from a Wisconsin Tested or Associate Flock *or*
- Individually test sexually mature birds within 90 days before arrival at the show. These birds also need wing or leg band ID. All birds must test negative for pullorum-typhoid, and turkeys must test negative for *Mycoplasma gallisepticum*. **Poultry and waterfowl from outside Wisconsin** need a certificate of veterinary inspection or equivalent (such as form VS 9-3) that states:
 - They originate from a flock classified pullorum-typhoid clean under NPIP or an equivalent state program, *or*
 - If they are sexually mature, that they have tested negative for pullorum-typhoid (and *Mycoplasma gallisepticum* for turkeys) within 90 days before arrival at the show. These birds also need wing or leg band ID.

Not required:

- Import permit number. Requirements are subject to change as conditions warrant. For current information, check http://datcp.wi.gov/Animals/Animal_Movement/Poultry

Small animals: Dogs, Domestic Cats, and other household pets

(ferrets, pet birds, rabbits, gerbils, guinea pigs, hamsters, domestic mice and rats)

Note: *These rules do not apply to animals that are part of menageries. For those rules, see below.* *Pot-bellied and miniature pigs fall under rules for swine.* **Dogs from within Wisconsin** that are 5 months or older need proof of current rabies vaccination.

Cats and other household pets from within Wisconsin have no requirements. **Dogs and cats from outside Wisconsin** that are 5 months or older need to be vaccinated for rabies by a licensed veterinarian, and regardless of age, need certificates of veterinary inspection stating the age of the animal and for animals 5 months and older the date of last rabies vaccination and revaccination due date **Other household pets from outside Wisconsin** need certificates of veterinary inspection (CVIs) but have no testing or vaccination requirements. **Small animals from other nations need to meet requirements of the U.S. Department of Agriculture**

(608-662-0600) and Centers for Disease Control (1-800-232-4636). Requirements are subject to change as conditions warrant. For current information, check http://datcp.wi.gov/Animals/Animal_Movement/Household_Pets.

Exotic small animals (any species not covered by "small animals" above), exotic large animals, and other wild animals

Note: Local jurisdictions may have requirements beyond the state requirements listed here. Animals from within Wisconsin do not have any requirements as long as they are legally possessed in Wisconsin. Animals from outside Wisconsin generally have no testing or vaccination requirements, but do need:

- Certificate of veterinary inspection (CVI)
- Import permit number

Note: Some animals may not be brought to Wisconsin. These are North American prairie dogs and the following African species: tree squirrels, rope squirrels, dormice, Gambian giant pouched rats, brush-tailed porcupines and striped mice. Others may require permits from the Wisconsin Department of Natural Resources. See <http://dnr.wi.gov>. For information on obtaining an import permit:

- Online http://datcp.wi.gov/Animals/Animal_Movement/Permit_Request
- Email DATCPAnimallImports@wi.gov ☒ Call 608-224-4872

Requirements are subject to change as conditions warrant. For current information, check http://datcp.wi.gov/Animals/Animal_Movement/Household_Pets.

Circus, rodeo, racing and menagerie animals

Note: Local jurisdictions may have requirements beyond the state requirements listed here. Animals from within Wisconsin must meet vaccination and testing requirements for their species. See these requirements earlier in this document. Animals from outside Wisconsin need certificates of veterinary inspection and vaccinations and tests required for their species. See these requirements earlier in this document. They also need import permit numbers if they are:

- Circuses and individual circus acts
- Rodeo stock other than individual participants' horses
- Multi-species menageries (defined as any animals kept in a collection primarily for purposes of exhibition or competition)
- Petting zoos

They do not need import permit numbers if they are:

- Rodeo horses owned by individual participants
- Single-species groups

Note: Some animals may not be brought to Wisconsin. These are North American prairie dogs and the following African species: tree squirrels, rope squirrels, dormice, Gambian giant pouched rats, brush-tailed porcupines and striped mice. Others may require permits from the Department of Natural Resources. See <http://dnr.wi.gov/org/land/wildlife/captive/captive.htm>.

For information on obtaining an import permit:

- Online http://datcp.wi.gov/Animals/Animal_Movement/Permit_Request
- Email DATCPAnimallImports@wi.gov ☒ Call 608-224-4872

Requirements are subject to change as conditions warrant. For current information, check http://datcp.wi.gov/Animals/Animal_Movement/Circuses_Rodeos.

Guidelines for housing and managing animals

The State Veterinarian recommends that exhibitors:

- Vaccinate breeding cattle against bovine viral diarrhea (BVD) at least 30 days before the event
- Test cattle for BVD-PI by immunoperoxidase test, and bring them to shows only if they test negative
- Test cattle for Johne's disease test results by ELISA test, and bring them to shows only if they test negative
- Clean and disinfect vehicles used to transport animals to and from the show, vehicles used at the show, before & after the show
- Isolate exhibited animals returning to their farms or animals purchased at the show for 21 days before mingling with other stock

The State Veterinarian recommends that show organizers:

- House cattle separately from llamas, vicuñas, alpacas, guanacos, and other exotic ruminants
- House cattle separately from small ruminants, especially sheep
- House ostriches, emus, rheas and cassowaries separately from domestic poultry
- House swine separately from any other mammals
- Include a space for the premises registration code on livestock entry forms
- Provide hand-washing stations near all livestock facilities
- Provide individual watering and feeding troughs rather than common ones

YOUTH DIVISION – AG 5.06, DAIRY & LIVESTOCK DIVISION

1. All exhibitors are required to furnish hay, bedding, grain, and watering pails for livestock they exhibit.
2. Open to all youth who have carefully selected and kept accurate records of the calf entered for exhibition.
3. All purebred registered and ID Grade animals must meet breed association requirements and have registration documents or they will be considered as grade animals. All animals that qualify for District, State, or National shows must show as registered.
4. Check Animal Health Rules & Regulations Summary for papers needed.
5. Exhibitors are limited to 4 dairy or 4 beef animals or any combination of dairy/beef not to exceed a total of 4.
